

## **METRO HOME EDUCATORS MISSION**

Metro Home Educators (MHE) is a non-profit, unincorporated association organized to provide educational opportunities for homeschooling students and a supportive network for home educators residing in Black Hawk and neighboring counties. Homeschoolers are welcome to associate with MHE regardless of religious affiliation or philosophy of education. As an organization, however, MHE has a Bible-believing, born-again Christian perspective, and will strive to do all to the glory and honor of the Lord Jesus Christ.

## **WEBSITE GOAL**

Our goal is to make Metro Home Educators families aware of homeschooling opportunities in the Cedar Valley. We do not necessarily endorse every opinion offered at these events. Organizations and opportunities must meet educational or recreational focus and be of interest specifically to homeschool families.

## **USE OF METRO HOME EDUCATORS DIRECTORY**

The use of the Metro Home Educators name is to be limited to Metro Home Educators board-approved announcements. Mass mailing with our directory or other purposes outside of Metro Home Educators board approval is prohibited.
